

# My Stitching Album

Collectible Series 2008-2009

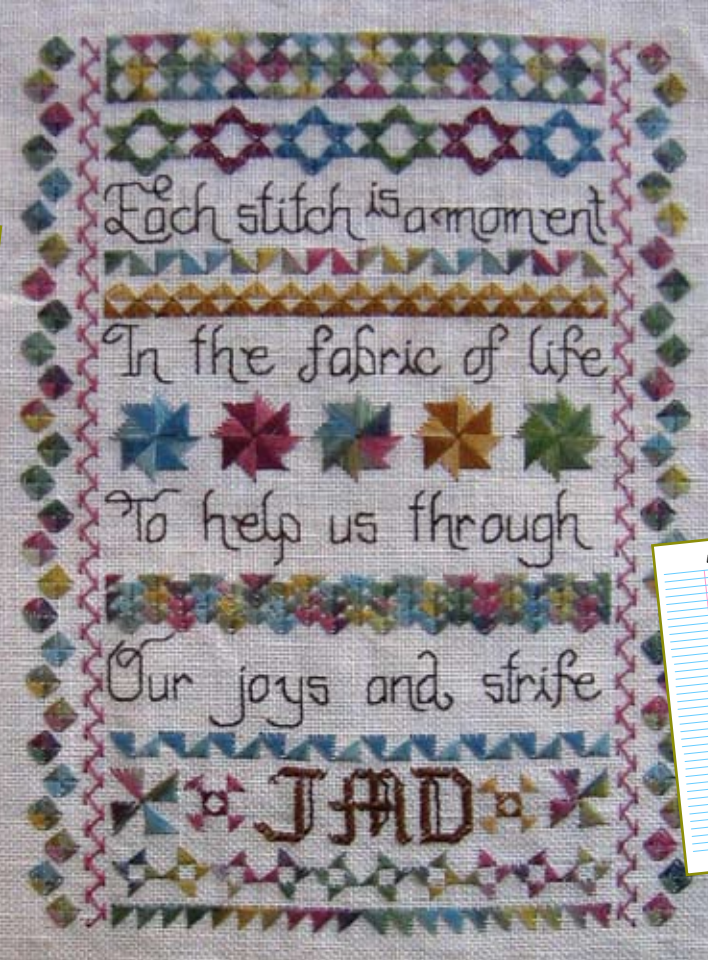

## My Stitching Album

presented by Jeannette Douglas Designs

This collectible series consists of eight new patterns released bi-monthly from September 2008 to November 2009.

Eight beautiful patterns, each in a different stitch manipulated in a variety of ways with assorted colors. The completed patterns are joined with the front and back cover and this album becomes a testament to your talent. On the practical side, it also becomes your 'Stitching Kit', as pockets on the lined backing of each pattern can hold treasured stitching tools.

This is a great handbook for the well-known stitches that make up many of our samplers.
